Frequent questions:

How will I be able to access the online platform for enrolment?

You will be able to access the online platform of enrolment from any device such as desktop/laptop/tablet/mobile phone that has access to the Internet and to an updated browser (recommended: Google Chrome).

Which is the web address of the application?

The application is available online at the address: <https://admitere.uvvg.ro>

Is the connection to the site secure?

Yes. The site <https://admitere.uvvg.ro> uses the SSL encryption system on 128 bytes.

How can I benefit from extended security?

In order to benefit from an extended security, we recommend you to:

- use secure connections to the Internet network, avoiding public wireless connections;
- use an updated Antivirus program;
- use a licensed operating system;
- use only licensed software;
- type the platform address directly in the address field of the browser, avoiding the access of pages displayed by search engines;
- check the existence of the "https" particle immediately after entering the site: <https://admitere.uvvg.ro>

What you will see at the address <https://admitere.uvvg.ro>

At the address <https://admitere.uvvg.ro> you will have access, in the first phase, to the information available in the public area of the platform, information such as "How to register online" or "the Admission Calendar" etc.

Processing of personal data

Personal data required for registration according to Law 1/2011 updated in 2021-National Education Law are collected and processed by UVVG Arad in accordance with the provisions of Regulation (EU) GDPR 679/2016 in order to manage the university management activity.

At the bottom, there are 'Cancel' and 'Register' buttons.

After clicking on the "new account" button in the form, the application automatically sends you a message to the declared e-mail address. All you have to do is log in to your e-mail account, read the message you received from the application and click on the link that validates the access to the account.

Alexandru,

I received your account registration request on the admission portal.

To activate your account, please click on [this link](#)

We thank you.

With love,

Admission Team of the Western University "Vasile Goldis" from Arad

This activation method is intended to verify the candidate's email address, where they will subsequently receive information from the Admissions Committee regarding the submitted application file(s). An alternative is to activate the account using the verification code received via SMS when creating the account.

ACCESS THE PLATFORM

After activating the account, access the online admission platform, for submitting the files for the contest by filling in the credentials declared at the time of creating the account (e-mail address and declared password).

The image shows two parts of the online admission platform interface. The top part is the login page, titled 'APPLICANTS ACCESS' in large white letters on a teal background. It features a login form with an email field containing 'petrescu.alexandru@gmail.com', a password field with masked characters, and a large 'Authentication' button. Below the button are links for 'Reset password' and 'Don't have an account? CREATE NEW ACCOUNT'. The bottom part of the image shows the user dashboard after login, with a welcome message 'Welcome, ALEXANDRU'. The dashboard contains a vertical list of menu items: 'My files', 'Go to Admission Registration', 'My payments', 'Change the profile', 'Change the password', and 'Logout' (highlighted in red). A small cursor icon is visible next to the 'Logout' link.

With access to the platform, you can now start your online registration, using the links in the "Online Registration - Admission 2026" list on the left side of the website.

When accessing the **"My files"** options, the system will display the files created by the candidate on the online registration platform for admission. Initially, the candidate has no file created and the system displays the message: **"Attention! You do not have files registered in the account"** with the possibility of creating a first file by pushing the **"Add your file"** button or by calling the second option from the main menu **"Register for admission"**.

After sending the file, it will be verified and validated by the Admissions Committee, and you will be notified by e-mail about the status change.

If there are problems with the file, it will be invalidated with the possibility of editing and correcting the information and also resubmitting.

If the file will be declared **VALID**, if it is submitted to a specialization where the admission is based on the file, all you have to do is wait for the display admission lists and then confirm your place.

If the **VALID** file is submitted to a competition with an entrance exam, you will receive instructions for taking the exam.

**Throughout the admission sessions,
the UVVG team is at your disposal:**
